

Abki 'ala shaami

stay strong Ummat Muhammed, dont flee

become martyrs, the best through Allah's eyes, you see?

wish I could help provide, with aid and standing side by side,

but for now my duas are key,

I apologize, but my tears are what subsides to what help I could be.

Stand up Oh blessed nation, soon you will be free.

Through the words of the Almighty:

After every hardship, comes ease.
